A message about insurance and financial planning to the person who reads what's on the doctor's wall.

Thomas had never heard of the Universiy of Nome.

Look first for the letters "CLU" (Chartered Life Underwriter) and "ChFC" (Chartered Financial Consultant).

Those designations will tell you this person cared enough to complete study at The American College, the oldest accredited college in the field, to become an expert.

Those letters tell you, quite simply, this is an insurance or financial planning *professional.*
